

JOINT ACTION COMMITTEE OF UNIONS AND ASSOCIATIONS
RAJASTHAN CIRCLE, JAIPUR

JAC/Raj./CGMT/Cor/2014-15/01

Date: 21st April, 2014

Chief General Manager,
Rajasthan Telecom Circle,
Jaipur

Sub.: Regarding merging of some functions of smaller SSA with bigger SSA in Rajasthan,
Circle.

Rajasthan Circle administration has merged some streams i.e. HR, Planning of some smaller SSA with nearby bigger SSA on experimental basis to spare the staff at smaller SSAs for utilizing them in more important streams for improving the development and maintenance of telecom network.

In first phase HR and planning cell of Banswara SSA have been merged with Udaipur, subsequently Nagaur with Bikaner, Pali with Jodhpur and recently Bharatpur with Alwar . But this exercise has not yielded any better results in day to day functioning of both these SSAs. This exercise has worsened the situation in both the SSAs.

So all the unions and Associations of Rajasthan Circle are of the opinion that this merging of HR and planning cells of one SSA with other should be stopped immediately and revert back the already merged functions of SSAs to ensure the smooth functioning of most important sections like HR, Planning cell of SSAs to avoid inconvenience in day to day working.

We are sure that your good self will look in to this most important issue personally and do need full earliest to avoid the inconvenience in smooth working of SSAs.

Thanking you in anticipation.
