Sub: Increase in fee for vocational training to Engineering students. - Adverse effect thereof.

Respected Sir,

Shri R.C.Vyas, Branch Secretary, Jodhpur, through his Email has sent the following feedback regarding Increase in fee for vocational training to Engineering students.

"It has come to know that fee for vocational training to Engineering students has been increased to Rs.4000+ Tax. Com. It is my feed back that now we will not earned even equal to last year. Rs. 4000+ tax is too much. It is my submission, to take up this issue so that we may earned at least equal to which we earned last year."

Shri Vyas is dealing with the case at local level and had booked many cases on old rate for vocational training by contacting many Engineering Colleges but after increase in Fee all the booked cases are asking for return of the booked amount. They are not interested to pay such a huge amount because of many organisations provide these trainings free of cost.

If the same scenario is of all over India, BSNL will definitely loose the income through trainings as previously we had earned a very encouraging amount.

Kindly protest the increased fee for vocational training to Engineering students to protect the scope of good earning through these training in the interest of BSNL.

With kind regards,

(M.K.Morodia)
Circle Secretary
